

Watershed Plan—Areawide Environmental Impact Statement for Cape Cod Water Resources Restoration Project

Contents:

1.	Project summary.....	1-1
2.	Introduction.....	2-1
3.	Project setting.....	3-1
3.1	Regional identity	3-1
3.2	Climate	3-1
3.3	Air quality	3-2
3.4	Geology	3-2
3.5	Soils.....	3-2
3.6	Groundwater.....	3-2
3.7	Surface waters	3-3
3.8	Aquatic life.....	3-6
3.9	Salt marshes	3-9
3.10	Threatened and endangered species	3-11
3.11	Coastal zone	3-12
3.12	Land use	3-12
3.13	Demographics	3-13
3.14	Economy	3-13
3.15	Recreation	3-15
3.16	Natural areas	3-17
3.17	Cultural resources	3-17
4.	Watershed problems and opportunities	4-1
5.	Scope of the EIS.....	5-1
6.	Formulation and comparison of alternatives.....	6-1
6.1	Formulation process	6-1
6.2	Description of alternative plans	6-23
6.3	Effects of alternative plans.....	6-24
6.3.1	Air quality	6-24
6.3.2	Soils.....	6-25
6.3.3	Groundwater.....	6-26
6.3.4	Surface waters	6-26
6.3.5	Aquatic life.....	6-29
6.3.6	Wetlands.....	6-30
6.3.7	Threatened and endangered species	6-31
6.3.8	Coastal zone	6-32
6.3.9	Economy	6-34
6.3.10	Recreation	6-34
6.3.11	Natural areas	6-35
6.3.12	Cultural resources	6-35
6.3.13	Human health and safety.....	6-38
6.3.14	Cumulative impacts.....	6-38
6.3.15	Long-term productivity and commitment of resources.....	6-39
6.3.16	Consistency with local and regional plans	6-39
6.4	Comparison of alternative plans.....	6-40

6.5	Risk and uncertainty.....	6-42
6.6	Rationale for plan selection.....	6-43
7.	Consultation and public participation	7-1
8.	Recommended plan.....	8-1
8.1	Purpose and summary	8-1
8.2	Measures to be installed	8-2
8.3	Permits and compliance	8-3
8.4	Costs.....	8-3
8.5	Installation and financing.....	8-6
8.6	Operation and maintenance.....	8-7
9.	References	9-1
10.	List of Preparers	10-1
11.	Index.....	11-1

Tables:

3-1	Land use distribution for Cape Cod Watershed	3-12
3-2	Demographic statistics	3-13
3-3	Barnstable County commercial shellfish landings and economic values.....	3-14
3-4	Barnstable County recreational shellfish landings and economic values.....	3-15
3-5	Results of beach monitoring in Barnstable County for 2005	3-16
5-1	Identified concerns	5-2
6-1	Priority salt marsh restoration projects.....	6-7
6-2	Criteria used to determine priority fish passage obstruction remediation projects	6-10
6-3	Priority fish passage obstruction remediation projects.....	6-12
6-4	Criteria used to determine priority stormwater remediation projects.....	6-15
6-5	Priority stormwater remediation projects	6-17
6-6	Summary and comparison of alternative plans	6-40
7-1	Meetings for consultation and public involvement	7-3
7-2	Comments and responses	7-7
8-1	Estimated installation cost.....	8-4
8-2	Estimated distribution of installation costs	8-5
8-3	Estimated average annual costs.....	8-8

Figures:

2-1	Project location map.....	2-3
6-1	Priority salt marsh sites	6-20
6-2	Priority fish passage sites	6-21
6-3	Priority stormwater sites	6-22

Appendices:

Appendix A—Letters and oral comments on draft Plan-EIS	A-1
Appendix B—Investigation and analysis report.....	B-1
Appendix C—Supporting information	C-1
